

# Mes Bach Pre School

5th November 2019

Topic: Fireworks

This week we have been..... Wythnos yma.....

Exploring and experimenting with a variety of materials to make firework pictures using natural materials.

Learning about the dangers in the home and outside environment. We built a campfire and talked about the safety and dangers of fires.

Identifying letter sounds through exploration of their shape through sensory play. We had to find hidden letters in the sand.

Working together on an ipad to create a firework picture using the paint app.

Using and building with 2D and 3D shapes to make junk model fireworks.

Recognising the changes to ourselves overtime. We looked at our baby photos to see how we have changed.

Our welsh word this week has been 'Diolch'
